KCRHA Request for Information: 2023 Re-Procurement

Purpose: The RHA is issuing this RFI to gather information from service providers to collect input that will help inform RHA's 2023 re-procurement process. This process is solely for information and planning purposes, but may be used to define scope of work and inform vendor selection if the project moves forward to an RFP. It does not represent a commitment to enter a future contract. Additionally, the purpose of this request is to get feedback regarding the below program components. The results of the information, listening session(s), along with other engagements, will inform upcoming RFPs and future funding processes.

Project description, goals, and background

Needs statement:

KCRHA will embark on a full system redesign in 2023, in the meantime we are asking for input from service providers to help inform the development of the redesign.
