II. Background

Background

Based on the KCRHA 2022 Point in Time Count (PIT), 13,368 individuals are experiencing homelessness at any one time in the Seattle-King County Region.³ Of those individuals, about 57% were experiencing unsheltered homelessness.⁴ Based on the PIT analyses, 25% of people experiencing homelessness in King County identify as Black/African American, but according to the 2020 U.S. Census only 7% of King County's population identifies as Black/African-American. Similarly, 9% of people experiencing homelessness identify as American Indian, Alaskan Native, or Indigenous, but that group makes up only 1% of King County's population. Additionally, one in three members of the LGBTQ community; specifically transgendered people of all ages, report experiencing homelessness at some point in their lives.⁵ The KCRHA recognizes that homelessness is a symptom of structural racism, and this RFP seeks to address racial and social inequalities which impact the most marginalized communities in King County.

Experiencing homelessness is traumatic and can trigger, create, or exacerbate health conditions, disability, substance use, and mental and behavioral health conditions, while at the same time making it harder to access treatment and care. This RFP also seeks to improve access to stable housing and high-acuity care to improve health and housing outcomes.

Funding Sources: The KCRHA will use this RFP process to rate and rank project applications to include in the CoC Consolidated Application for the [FY2022 HUD Special Unsheltered NOFO](#). Based on final HUD awards, KCRHA may offer up to \$4,700,907 per year, to support the highest-ranking projects awarded through this funding opportunity. Fund sources include FY2022 HUD Special NOFO funds which are contingent upon the CoC's final award. Below is a breakdown of the maximum funding amount which may become available to the Seattle-King County CoC.

Fund Source(s)	Annual Amount
FY2022 HUD Special Unsheltered NOFO	\$4,700,907
Total	\$4,700,907

III. Program Scope

The 2022 Unsheltered Homelessness and Encampment Health & Housing Services RFP is intended to ensure people living in unsheltered situations, including encampments, are successfully connected to healthcare and housing resources using fidelity based [Housing First](#) and public health principles. Additionally, this community investment will focus on:

- Advancing equity for Black, Indigenous, and other people of color as well as individuals who identify as LGBTQIA+ and individuals with disabilities;
- Ensure individuals with lived experience of homelessness are included in the operations and program designs being proposed; and
- Services shall be offered across Seattle and King County.

⁴ The KCRHA recognizes that PITs is widely understood to be an undercount, thus it also relies on the annualized count from DCHS across system analysis.
