- Coordination on funding sources – strategic investments

# Ideal System State

Every service provider is able to adequately hire and retain trained staff that can carry out best practices when serving clients.

All service providers are coordinated through data, every sub-region has services, and all disproportionately impacted sub-populations are served.

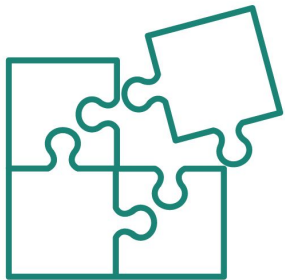

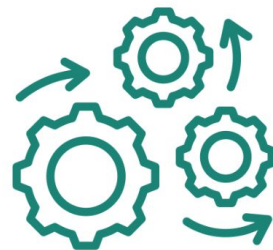

No missed opportunities to intercept someone before becoming homeless.

Supportive transitions.

# How Get There

## Key Programmatic Initiatives

## Funding Strategy Shift

# Metrics

## Previous Draft Plan

Metrics tied to each of the 70+ initiatives

Metrics focused on progress implementing the initiatives

## Updated Draft

Metrics measure our progress in addressing unsheltered homelessness for unsheltered single adults, families and YYA.

Each activity includes an impact explanation as to how it works towards addressing the high-level metrics.

# Example Metrics - Families with Children

Measures of success:

- Number of Families with Children accessing the homelessness service system, by program type
- Length of stay of Families with Children in temporary housing locations
- Number of Families with Children exiting to permanent housing
- Number of Families with Children returning to homelessness after 6, 12, and 24 months.

# Example: Year One Priorities

<i>Key Actions</i>	<i>Level of Change</i>	<i>Funding</i>	<i>Impact</i>
Coordinate across providers and systems to provide long-term support for families transitioning from homelessness to permanent housing	<b>Homelessness Response System</b>	No additional funding needed.	<i>Greater support to families with children transitioning to permanent housing should allow for fewer returns to homelessness</i>
Expand outreach and use of diversion resources to reach more families at risk and prevent experiences with homelessness.	<b>Homelessness Response System</b>	\$XXX,XXX	<i>Greater access to outreach and diversion services will increase the number of families with children who access the homelessness response system, as well as increase their ability to find permanent housing.</i>
Advocate for improvements to state and federal programs that support children and families. Improve connections between the homelessness system and school districts.	<b>System to System Connection</b>	No additional funding needed.	<i>Greater state and federal supports to children and families, financially and scholastically, will support exiting families to permanent housing situations and support retention of that housing.</i>
