

# KCRHA

King County Regional Homelessness Authority

**Permanent Housing & Support Services  
Request for Proposal (RFP)  
Updated 3/2/23**

**Could you confirm the deadline? This was probably addressed in the info session but I wanted to ask you here incase it wasn't. March 10th was listed once as the deadline and March 9th was listed three times as the deadline so I'm guessing it is the 9th? Yes, the deadline is on Thursday, March 9th by 11:59pm PST.**

**Another question I have is about the eligible and inelible costs for housing support and behavioral health services. Nothing was listed in the RFP so wondering if they are the same as the ones listed for property management and maintenance. If not, could you please provide the eligible and ineligible costs for housing support and behavioral health services? Thank you for catching that. Yes, the same ineligible costs apply. Housing Support and Behavioral Health applicants are also excluded from using funds towards leasing units or purchasing real property.**

**Can part of the funds be used to lease one or two buildings for PSH and provide case management and not provide mobile case management support to scattered sites? No, this exclusion will be updated in the RFP and reposted. Master leasing and costs associated with the purchase of real property are not allowable for this RFP.**

**Can a provider apply for just providing case management support to the scattered apartment units? How many scattered sites and project based properties do you have identified that represent the 400 units you anticipate supporting with these funds? No, applicants but submit proposals for which include both Housing Support and Behavioral Health supports. KCRHA is currently working on securing multiple sites to ensure there are a total of 400 units for this project.**

**Is there a preference for one or the other of these options?** Applicants must propose to apply for Housing Support and Behavioral Health supports for this RFP. However, applicants have the option to apply for property management services.
