

KCRHA

King County Regional Homelessness Authority

2023 Annual Notice of Funding Availability (NOFA) - Updated 4/17/23

I. Overview

The King County Regional Homelessness Authority (KCRHA) is pleased to announce a Notice of Funding Availability (NOFA) for all anticipated funding opportunities in 2023. Please note that these are anticipated opportunities and the schedule and subject matter may change over the course of the year. Once finalized, KCRHA will issue detailed funding opportunities for each investment as the release dates approach.

KCRHA seeks to collaborate with a diversity of service providers across Seattle/King County in accordance with KCRHA's [Theory of Change](#), in order to extend the Seattle/King County continuum of comprehensive, person-centered housing solutions.

What To Expect in 2023

Homelessness System Re-Procurement Process

In alignment with the [KCRHA 5-Year Plan](#), the majority of KCRHA's existing portfolio of homelessness services contracts will be re-procured beginning in 2023, for new contracts in 2024. Guided by KCRHA's Theory of Change, KCRHA is using data, proven practices, and community feedback to design a homelessness response system that will help people thrive.

As part of its community engagement strategy, KCRHA will embark on extensive engagement in Q2 of 2023 with people with lived expertise of homelessness, current KCRHA contractors, funders, and other subject matter experts in order to identify opportunities for system alignment, transformation, updated metrics, and programmatic changes, which are essential to the goal of significantly reducing unsheltered homelessness across our region. The purpose of this process is to build an equitable, community, and data-driven homelessness response system, so that any person who is experiencing homelessness in any city or sub-region in King County can access robust services that are culturally relevant and responsive, person-centered and healing-based, and located in the community the person calls "home".

Please email RFP@KCRHA.org if you would like to join our mailing list for these engagements.

If you are interested in serving on an upcoming funding application review panel, please complete this [RFP Rater Request Form](#).

Seattle-King County Continuum of Care

As the new Seattle-King County Continuum of Care, US Department of Housing and Urban Development (HUD) related investments will not be included in the re-procurement process, instead, it will undergo its usual annual renewal process which coincides with HUD's Notice of Available Funding (NOFA) process.
