Acting through our Theory of Change and Commitment to Racial Justice

“If we create a homelessness response system that center the voices of those who have lived experience of homelessness, then we will be able to focus on responding to needs and eliminating inequities, in order to end homelessness for all.”

Homelessness disproportionately harms people of color. We use an equity based decision-making framework to proactively dismantle structural racism and advance racial justice.

Five-Year Plan Feedback

King County Regional Homelessness Authority (KCRHA) is tasked with developing a Five-Year Plan which will act as the agency's roadmap through 2026.

Below you will find the goals and strategies found within the Draft Five-Year Plan:
- Please click here for the executive summary.
- Please click here for the complete list of goals, strategies, initiatives, and metrics.
- Please click here for a glossary of terms.

We are seeking feedback from community members in King County on the Five-Year Plan before it is approved by KCRHA's Implementation Board and Governing Committee. There are 7 goals and 24 strategies detailed in the plan, so we are also seeking feedback on which items are priorities for the community. The feedback collected from this survey will be shared with KCRHA's governing bodies.

Please complete this form by February 8, 2023 to ensure your feedback is considered.

Thank you for sharing your thoughts with us!

Refine to One Overarching Goal:

“To Bring Unsheltered People Inside as Quickly as Possible to Prevent Death and Further Harm”

Shifting metrics to be focused on housing people and system performance.

Prioritization and sequencing of activities organized by current budget.

Current State

System-to-System Connections

- Lack of collaboration and alignment (vision, values, projects, programs, etc.)
- Limited connective tissue between systems (folks falling through the cracks)
- Data sharing and transparency
- Accountability and Role Clarity
- Coordination on funding sources – strategic investments
Every service provider is able to adequately hire and retain trained staff that can carry out best practices when serving clients.

All service providers are coordinated through data, every sub-region has services, and all disproportionately impacted sub-populations are served.

No missed opportunities to intercept someone before becoming homeless.

Supportive transitions.
How We Get There

One, Overall Goal.

Activities Sequenced and Within Budget

Funding Strategy Shift
Metrics measure our progress in addressing unsheltered homelessness for unsheltered single adults, families and YYA.

Each activity includes an impact explanation as to how it works towards addressing the high-level metrics.

Previous Draft Plan

Metrics tied to each of the 70+ initiatives

Metrics focused on progress implementing the initiatives
Measures of Success:

- Number of households accessing the homelessness response system
- Number of households entering the homelessness response system
- Number of households exiting the homelessness response system to permanent housing
- Number of households returning to homelessness after 6, 12, and 24 months from a permanent housing exit
- Number of temporary and permanent housing units in the system
- Throughput through temporary and permanent housing units in the system

Where possible, these measures will be broken down by:

- Household type: Single Adults, Families with Children and Youth and Young Adults
- Race & Ethnicity
- Program Type
