

**Amendment Number: 1**

**Sponsor:** Balducci

**Received by KCRHA Staff:** Nigel Herbig

**Page and Line Number:** Page 33 of Attachment A

**Amendment language:**

In Key Action (1-2) S., strike the word “align”, and replace it with the word “engage”.

**Effect Statement:**

Key Action (1-2) S. would now read “Engage with cities’ comprehensive planning efforts for the future development of temporary and permanent housing options”. This is more directive language, which would result in KCRHA staff working closer with cities during their comprehensive planning process.
