

# 2024 Notice of Funding Availability (NOFA)

## Right of Way (ROW) Shelter Enhancement

**December 13, 2023**

Updated: December 14, 2023

### Overview

The King County Regional Homelessness Authority (KCRHA) is pleased to announce a Notice of Funding Availability (NOFA) to support the Washington State Rights of Way (ROW) initiative to expand the region's shelter solutions for high needs single adults experiencing unsheltered homelessness. This new investment will enhance shelter services by adding supports and services enhancements to an estimated forty (40) beds at existing shelter programs for individuals who otherwise would not move out of encampments targeted for resolution. KCRHA will award up to \$1,500,000 through an upcoming Letter of Intent (LOI) with \$500,000 provided February 1, 2024-June 30, 2024 and \$1 million provided July 1, 2024 to June 30, 2025. KCRHA anticipates awarding multiple organizations and at minimum one (1) organization.

Guided by KCRHA's [Theory of Change](#), the 2024 ROW Shelter Enhancement LOI is intended to extend the Seattle-King County continuum of comprehensive, person-centered shelter solutions. The KCRHA expects to award funds for organizations that will:

- Add service enhancements, staffing, and other supports for beds in current shelter programs to engage high-needs single adults in shelter services and ensure there would not be denials due to an individual's need exceeding program capacity,
- Provide shelter services to individuals referred by KCRHA through the State Right of Way Initiative,
- Ensure services are rooted in a harm-reduction and person-centered philosophy,
- Demonstrate how they include or plan to include people with lived expertise of homelessness and disability in policy and program development,
- Advance equity for Black, Indigenous, and other people of color, individuals who identify as LGBTQIA2S+, and individuals with disabilities, and
- Meet data and reporting requirements within the Homeless Management Information System (HMIS).

Successful proposals for the LOI will demonstrate the ability to provide comprehensive shelter services for high needs single adults in King County. Due to the nature of the LOI enhancing current shelter services in King County, the funding opportunity will be open to the following programs:
