# Land Acknowledgement

We acknowledge that King County is located on the unceded, traditional land of the Coast Salish Peoples. We honor this land and its people past and present, and we are committed to directing funding and resources to organizations led by and in support of Native and Indigenous people.

# Theory of Change

*If we create a homelessness response system that centers the voices of people with lived experience of homelessness, then we will be able to focus on responding to needs and eliminating inequities, in order to end homelessness.*
