RECOMMENDED REVISIONS OF SECTION V.b.iv & V.b.v NOVEMBER 2024

DRAFT Seattle-King County Continuum of Care Governance Charter

I. Overview

This Seattle-King County Continuum of Care Governance Charter (Charter) establishes the governance structure for the Seattle-King County Continuum of Care (CoC) in accordance with the McKinney-Vento Homeless Assistance Act (as amended) and in accordance with state and local law.

This Charter further establishes Committees that are representative of the relevant organizations and of projects serving homeless subpopulations within the CoC's geographic area. It also delegates authority for certain regulatory responsibilities to specific committees or entities within the geographic area.

For the purpose of this document, the Continuum of Care (CoC) Board will be referred to as the CoC Board but is the same entity and has the same duties as the Advisory Committee per the language established in the Interlocal Agreement (ILA), dated December 11, 2019, between King County and the City of Seattle that established the King County Regional Homelessness Authority.

II. Duration

This Charter shall be adopted on the day it is approved by the current CoC Membership.

Thereafter, the Charter shall be updated and affirmed annually by the Seattle-King County Continuum of Care Membership in consultation with the CoC Board, collaborative applicant and the Homeless Management Information Systems (HMIS) lead.

If the regional environment described in Section III changes significantly, or otherwise impacts the governance structure of the CoC as envisioned in this Charter, the CoC Board will revise the Charter accordingly.

III. Regional Environment

In December 2018, the City of Seattle and King County, with their local partners, publicly committed to moving forward with the actions and strategies outlined in a report by The National Innovation Service. The report contained ten actions and related strategies, including a recommendation to consolidate authority for homeless assistance through the implementation of a new regional consolidated entity.¹

On September 4th, 2019, Executive Dow Constantine and [then] City of Seattle Mayor Jenny Durkan transmitted a proposed ILA to their respective councils to establish and define the role, scope, and governance of the King County Regional Homelessness Authority, including the creation of a Governing Committee and Implementation Board.²

The purpose of the CoC governance adjustments made via this Charter is to be responsive to the

changing regional environment, so that the CoC can be effective as possible and directly connected to regional efforts to make homelessness rare, brief, and non-recurring.

IV. Mission, Values and Theory of Change

The mission of the CoC is to make homelessness in the region rare, brief, and non-recurring. To accomplish this mission, the CoC is adopting a set of values that will guide its actions and a theory of change that will orient the CoC in specific ways towards its mission.

The CoC (through the Board and its committees) will endeavor to make funding, program and policy actions that are aligned with its stated values. These values will guide the actions of all CoC bodies established under this Charter:

- Recommendations and decisions will reflect the diversity of people experiencing homelessness.
- The CoC will promote equity for communities of color disproportionately affected by homelessness.
- Decisions and recommendations made by the CoC will reflect a cross-sector and regional approach.
- The CoC will operate with transparency and inclusiveness.
- The CoC will promote shared responsibility and accountability.
- CoC leadership will establish clearly defined roles and responsibilities and communicate decisions clearly and widely.

While values help to guide the development of specific recommendations and decisions that are presented to the CoC Board, a theory of change is necessary to provide a broad framework for how the work of the CoC orients towards the mission.

This theory of change was developed by the community, in concert with National Innovation Service and is consistent with the theory of change adopted by the King County Regional Homelessness Authority. The theory of change requires the CoC to approach the system resources it controls in a specific way, with the understanding that this orientation is aimed at specific results.

If we create a homelessness response system that centers the voices of people who have lived experience of homelessness, then we will be able to focus on responding to needs and eliminating inequities, in order to end homelessness for all.

The principles of racial equity, social justice, and centering voices of people with lived experience are integral to the work of the CoC. Therefore, any changes to the stated mission on behalf of the CoC must be approved by the Client Advisory Council and Youth Action Board prior to coming to the Board for final approval.

V. Governance and Responsibilities

The CoC is a broad coalition of community members dedicated to the mission of the CoC. This includes people currently experiencing homelessness, those currently accessing services, people with lived experience of homelessness, service providers representing various populations and interventions, representatives of culturally-specific constituencies, funders, the faith community, researchers and universities, health care providers and others.

This may include an annual conference and/or other meetings dedicated to approval of necessary documents, approval of new CoC Board members, or review of progress towards approved plans/milestones. The CoC Board will perform two main functions:

1. It will function as the CoC Board for actions required under the HUD regulations at 24 CFR §578, including approval of committee recommendations that do not have appropriation/political components.

The Nominations Committee will ensure that all submitted applications meet the minimum criteria required. The Sub Regions listed below are in alignment with the 7 Regions in the KCRHA Strategic Plan (<https://kcrha.org/wp-content/uploads/2023/06/FINAL-KCRHA-Five-Year-Plan-6.1.23.pdf>).
