I. Introduction

The King County Regional Homelessness Authority (KCRHA) is seeking proposals to include in its countywide consolidated application for *new* federal grant funding under the Department of Housing and Urban Development (HUD) [FY 2025 Continuum of Care Competition and Youth Homeless Demonstration Program Grants NOFO](#). This funding opportunity is looking for applications from agencies proposing programs targeted to further HUD's strategic goals to end unsheltered homelessness through outreach and intervention, prioritization of treatment and recovery services, advancement of public safety in partnership with law enforcement and first responders, promotion of long-term self-sufficiency and economic independence, improvement program outcomes through effective resource allocation, and minimizing trauma through trauma-informed, safe, and supportive care.

This RFP is intended to enhance the continuum of comprehensive, person-centered housing solutions within King County. The KCRHA expects to award funds to organizations that will:

- Ensure individuals, youth and young adults, and/or families fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, and/or trafficking receive ongoing support services – connections to employment and job training – and operating funds which help residents achieve housing stability and maintain as much independence as possible;
- Ensure individuals, youth and young adults, and/or families meet [HUD's category 4 definition of 'homeless'](#)
- Projects that support participants to obtain/maintain housing and demonstrate pathways to permanent housing with employment income;
- Require active participation in case management, employment training, behavioral health, and/or recovery services, often formalized through agreements;
- Provide tailored services (e.g., case management, treatment, employment training), with flexibility for age, disability, or employment status;
- Leverage other public/private funding and connect participants to workforce, healthcare, and community support;
- Ensure reasonable costs and adherence to federal regulations ([2 CFR 200.404](#));
- Prioritize strategies to engage unsheltered populations, partner with law enforcement/first responders, and support safe exits from encampments;
- Minimize trauma, ensure safety, and provide specialized support for vulnerable groups such as women, youth, and survivors of violence;

- Demonstrate the project applicant's experience serving individuals and families experiencing trauma or fleeing domestic violence, dating violence, sexual assault, or stalking, and their ability to house survivors and achieve safety outcomes;
- Incorporate victim-centered practices throughout project design and implementation;
- Include survivors with lived expertise in planning and decision-making processes.

Under *King County v Turner* 2:25-cv-00814-BJR a temporary restraining order has been extended to King County and KCRHA enjoining HUD from imposing or enforcing new conditions related to Executive Orders, anti-discrimination law, collaboration with immigration enforcement, immigration condition verification, gender ideology, and abortions. For that reason, certifications or attestations related to such new conditions are struck below and not assumed to be required of applicants to this funding opportunity.

The applicant pool will be reviewed by a rating team of community members and subject matter experts (SMEs). The rating team will recommend applications to be funded, and contracting is anticipated to start beginning Q3 2026¹ at the earliest. Ongoing funding is based on budget availability and customer satisfaction with service provider/program performance. Application categories include new and/or expansion of:

- Transitional Housing (TH)

IV. Scope of Work

KCRHA seeks to fund organizations with expertise serving survivors, or “survivor service providers,” of DV, sexual assault, sex trafficking, dating violence, stalking, and other forms of violence. Applicants whose program participants are 100% survivors, who meet HUD’s [definition of homeless](#), will be rated the highest.

The CoC Program is designed to promote a community-wide commitment to the goal of ending homelessness and to provide funding for efforts by nonprofit providers, States, Indian Tribes or Tribally Designated Housing Entities, and local governments to quickly rehouse individuals, families, persons fleeing domestic violence, dating violence, sexual assault, and stalking, and youth while minimizing the trauma caused by homelessness. The CoC Program promotes access to and the effective utilization of mainstream programs by homeless individuals and families to optimize self-sufficiency among those experiencing homelessness. HUD hopes to accomplish the following goals through the collaborative efforts of applicants for CoC Program funding and local CoC partners.

Services will be offered using a trauma informed, survivor-centered approach which prioritizes the client’s self-sufficiency, recovery, and treatment anywhere in King County. Strong applications should demonstrate the ability to:

1. **Ending the Crisis of Homelessness on Our Streets**
 - CoCs should work with law enforcement, first responders, and their state and local governments to reduce encampments, public camping, and public drug use in order to address barriers to maintaining housing and increasing self-sufficiency.
2. **Prioritizing Treatment and Recovery**
 - CoCs should prioritize projects that provide the treatment and services people need to recover and regain self-sufficiency including on-site behavioral health treatment, robust wraparound supportive services, and participation requirements. Promoting Self-Sufficiency. One of the primary purposes of the CoC Program is to optimize self-sufficiency. CoCs should partner with workforce development centers, employers, childcare, and other supportive service providers to increase employment and employment income for program participants. CoCs should prioritize projects that help lead to long-term economic independence for individuals and families to exit homelessness and prevent future returns to homelessness.

3. **Advancing Public Safety**

- Agencies should cooperate with law enforcement to advance public safety for the entire community impacted by homelessness.

4. **Promoting Self-Sufficiency**

- Applicants should partner with workforce development centers, employers, childcare, and other supportive service providers to increase employment and employment income for program participants. Prioritized projects will help lead to long-term economic independence for individuals and families to exit homelessness and prevent future returns to homelessness.

5. **Improving Outcomes**

- Projects should promote self-sufficiency, increase employment income over government assistance, and promote treatment and recovery.

6. **Minimizing Trauma.**

- Providers must provide trauma informed care and ensure participant safety in programs, especially for survivors of domestic violence, dating violence, sexual assault, and stalking. Women experiencing homelessness or domestic violence should have access to safe, single-sex spaces.

Successful applicants will propose Transitional Housing projects using a trauma-informed, recovery-centered approach which prioritizes the household's wellbeing, anywhere in King County.

IX. Contracting Terms

Please be advised that this request is subject to the availability of funding. Please note that any statements by the King County Regional Homelessness Authority, its employees, board members, or agents, including public announcements of the awardees or missives informing successful applicants of an award, do not constitute a guarantee of funds or an offer to contract. All obligations to perform or pay funds are contingent upon the execution of a written agreement signed by all required parties. A binding agreement is a fully executed contract that has been signed by authorized representatives of both the awardee and the agency. No email, award letter, or other communication shall be construed as creating a contractual obligation on the part of the agency.

1. Any contract resulting from this RFP will be between KCRHA and the applicant organization.
2. Contracts may be amended to ensure that services and outcomes align with community needs or changes in the availability of funding.
3. Contractors will be required to comply with the Terms and Conditions of the KCRHA Master Service Agreement (MSA). These requirements shall be included in any contract awarded because of the RFP and are not negotiable.
4. Contractors will be required to maintain books, records, documents, and other evidence directly related to the performance of the work following Generally Acceptable Accounting Procedures (GAAP). KCRHA, or any of its duly authorized representatives, shall have access to such books, records, and documents for inspection, audit, and copying for a period of seven (7) years after completion of work.
5. Contractors must complete all required reports and billing documentation as stated in the contract. Reimbursement will be contingent upon receipt and approval of required reports. Additional data may be required for audit or evaluation purposes.
6. Contractors must have the capacity to protect and maintain all confidential information gained by reason of this contract against unauthorized use, access, disclosure, modification, or loss.

Please note that some projects may require compliance with prevailing wage and competitive bidding laws. Recipients of grant funds may be subject to RCW 39.12 Prevailing Wages if the project qualifies as a public work or meets other criteria requiring prevailing wages. If applicable, contractors and subcontractors must pay prevailing wages as determined by the Washington State Department of Labor & Industries (L&I). A Statement of Intent to Pay Prevailing Wages may be required before work begins, and an Affidavit of Wages Paid before final payment. Grant recipients should consult L&I or legal counsel to determine prevailing wage obligations and any competitive bidding requirements. The applicable prevailing wage rates are available at the L&I website: <https://www.lni.wa.gov>. Public works projects may also require competitive bidding to comply with relevant state and local laws.
